Ethnic Diversity of the Membership

Ethnic diversity in the legal profession is an important aspect of the delivery of justice that has become increasingly vital for the development of post-war Sri Lanka. Even before the inception of the Sri Lanka Bar Association in 1974, Faculty of Law started teaching and conducting examination in Tamil Medium to harmonise equal opportunities given to the ethnic minorities. The proportion of ethnic minorities at the private bar is seeing a steady increase over the past four decades.

For the year 2013, 6% of the newly registered members were Tamil origins and 8% represented the Muslim legal professionals. Total visibility of the minority was 15% out of the total population of new registrations to BASL membership in the year 2013.

Out of the total population of legal professionals from 1974 to 2013, 11% represents the minority.

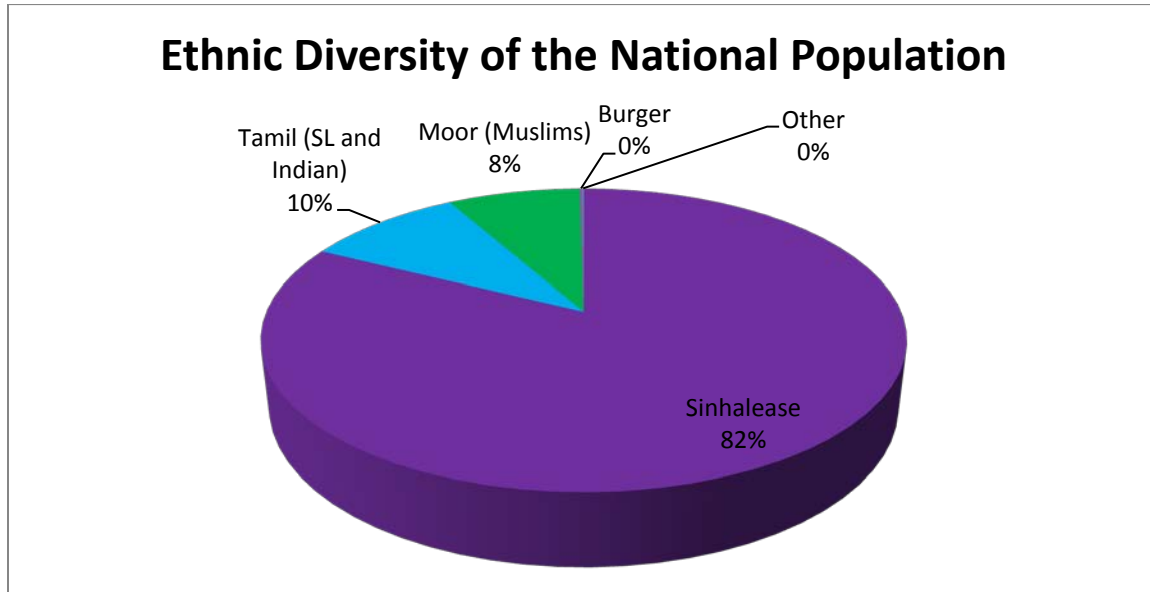

Figure 11 Ethnic Diversity of BASL Membership (1974 – 2013)

¹ Article 11.2 of the Constitution

² Article 8.1 of the Constitution

Since its inception the BASL has been at the forefront of many campaigns to protect democracy and the rule of law and, to date it continues its efforts for the betterment of the citizen of Sri Lanka.

The BASL's campaigns to protect civil liberties during the 1989 youth insurrection were landmark as it was to ensure due process and rule of law against widespread and serious human rights violations by both state and non-state actors. The BASL was at forefront at the impeachment process against Chief Justice 43, Dr. Shirani Bandaranayake in years of 2012/2013, to safeguard the Democracy and Rule of the Law of the Country and to lead the Civil Society Activists and Organizations at this struggle against the arbitrary Executive action. With its utmost efforts, the whole the nation came forward to change the portion of the prevailing Executive Presidency which had enormous powers. Mr. Upul Jayasuriya then President of Bar Association of Sri Lanka was awarded the Commonwealth Rule of Law Award as well for his service towards this process.

Under the stewardship of Mr. U. R. De Silva President Counsel, the incumbent President, BASL further continues its efforts to uphold the rule of law and to ensure the rights of the citizen of the country.

BASL and the Scope

Section 40 of the Judicature Act, No. 2 of 1978 provides for the Supreme Court to admit and enroll as Attorneys-at-Law, persons of good repute and of competent knowledge and ability, in accordance with Part VII of the Rules of the Supreme Court Rules 1978 published in the Government Gazette No. 9/10 of November 08, 1978.³ Accordingly it is the duty of every legal practitioner to be equipped with relevant knowledge, skills and competency when discharging his/her professional services on reasonable standards.

³ http://www.sllc.ac.lk/sub_pgs/admission_profession.html

As a Professional Association which is mandated to promote the interests welfare rights and privileges of the Bar, the BASL therefore initiated many tasks towards the betterment of its members, and the profession in many aspects.

BENEFITS OF BECOMING A MEMBER

BASL actively participated in many forums which discussed the development of the law during the recent years. BASL took part in the Parliamentary Select Committee Meetings on Constitutional Reforms, and also played an active role in proposing amendments to Civil and Criminal Procedure Codes. We organized a closed door meeting in relation to the Right of Access of Attorneys-at-Law to suspects under arrest (S 37a Amendment of CCPA); made representations on amendments to the Notaries Ordinance; appointed two members of the BASL to the Customs Law Reforms Technical Committee and got involved in discussions regarding the ECTA Agreement.

Sri Lanka Law College Joined hands with BASL in organizing an Apprentices' Training Programme. BASL succeeded in changing the entire syllabus of the Practical Training Programme and introduced new and timely topics. It is noted with concern that there are increasingly large numbers of Attorneys entering the profession every year, and this shall cause overcrowding of the profession which will eventually give rise to a myriad of issues if new avenues are not introduced to these new professionals. Hence, it has been acknowledged that the new entrants need to have a knowledge and understanding of new avenues and non-traditional jobs such as Legal Process Outsourcing.

It has also been noted that overcrowding of the profession will give rise to bad practices such as touting and professional misconduct. Therefore, a Committee has been appointed on request of BASL to explore remedies that could address the issues resulting due to the ever-increasing number of lawyers entering the profession each year. BASL has already taken steps to establish its own 'Advanced Study Centre'. The Centre is proposed to be established as a Company Limited by Guarantee and the Articles of Association which have been drafted pertains to the management of the staff as well as to the conduct of the courses. BASL IT Committee is in progress of re-structuring the BASL website. The proposed website now contains brand new features which are expected to help members to actively involve with BASL activities. The committee introduced a Mobile App for Attorneys-at-Law soon. A SMS alert service called 'BASL TODAY' has already been launched. BASL also re-commenced the Legal Aid Foundation. The Foundation provides free legal advice to clients. BASL also organized a Legal Aid Camp for the people affected by many disasters island wide BASL collected dry rations for the people affected by floods through its members and distributed the same through the proper channels. Affected members were provided with substantial financial aids. A 'BASL Contingency Fund' was newly established by the Secretary specially to provide assistance to lawyers who would get affected by Natural Disasters. The BASL Mobile Bookshop conducted every week to cover all the outstation branch associations The Mobile Bookshop provides the services of BASL to the doorsteps of the outstation bars. Being a much sought-after event by outstation members.

BASL, organizes annually a Members Welfare Day in Hulftsdorp. A number of Banks, Leasing Companies, and service providers participated in this Welfare event. BASL was able to introduce many welfare packages for lawyers, as well as special packages for junior members of the BAR; including Personal Loan Schemes, Office Furniture & Equipment purchasing facilities, Credit Cards, Personal and Health Insurance Schemes, etc.,. The BASL maintained a satisfactory relationship with the media. BASL donated Law Books for Libraries of major Bars in 9 provinces in the country. The BASL continued to issue its publications including Unreported Judgments, Seminar Papers. BASL Law Journal, Junior Bar Law Journal. BASL Newsletter, BASL e-News

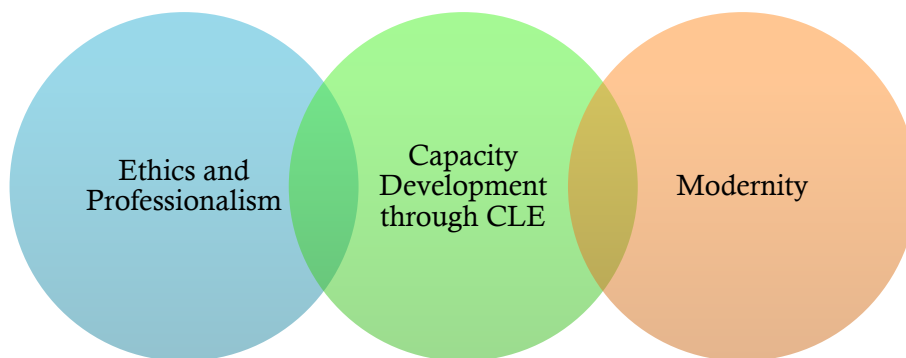

BASL has entered into many bilateral Friendships Agreements with other Bar Associations in the region as well as at the International Level. BASL has developed close relationships with the American Bar Association, Bar Association of Pakistan, China Bar Association, and Malaysian Bar Council, South African Bar Association and Hong Kong Bar Association as well as an active participant in International Bar Association (IBA), Commonwealth Lawyers Association (CLA), Inter Pacific Bar Association (IPBA), LAWASIA and SAARC LAW. Time to time BASL together with the said associations will arrange exchange visits and invite eminent practitioners to visit Sri Lanka to share their experience and knowledge. As a BASL member you will gain access to many events organised by the BASL in collaboration with the other sister associations.

BASL allow packages to participate in annual IBA, IPBA and Law Asia Conferences allowing the Members to get connected with the International Legal Practitioners. LAWASIA Conference turned out to be the biggest event in the BASL calendar in recent years which was held in year 2016. LAWASIA Golden Jubilee Conference concluded successfully bringing much recognition and pride to Sri Lanka. BASL strengthened its bonds with International Bar Associations as a result of LAWASIA.

Strategic Plan

The BASL is thus endeavoring to enable legal practitioners to strive for and practice professional standards with healthy environment of competition which seeks to explore global legal knowledge through new vistas and panoramas. In so doing, the BASL aims to minimize the possibilities that resulting in deteriorating professionalism and lowering of the standards in the profession. A mechanism to promote *Ethics and Professionalism and Capacity Development through CLE and Modernity* are therefore identified as the barometers and a good template to continue the noble standards of the profession.

New Frontiers and Future Role of BASL

As indicators that navigate the direction of the BASL, the Six Priority areas are also identified for the Bar's strategic plan over the next five years
